Forecast for Saturday 03 Sep 2022

Weather: A cloudy start to the day with a chance of showers, heavy and possibly thundery at times. From mid-morning becoming generally dry and cloudy, although light rain will never be far away, to the west and south of the National Park. This evening mainly light rain will spread across the Park.

Chance of cloud-free hill tops above 600m: 40% increasing to 80% by midday, then decreasing 60% this evening.

Low cloud and visibility: Some early low cloud may cover the slopes and summits for a time, with bases 300-500m. This will lift above the summits by midday, although bases then dropping to 500-600m this evening.
